

## ☰ 0.2 Suggested Student Schedule

### **Suggested Student Schedule**

Individuals consume content differently. Below is a reasonable course schedule based on the content.

Each module should take approximately 3-4 hours to consume and acquire the knowledge.

Day 1-2 Getting Started and Cybersecurity Primer

Day 3-4 Compliance and Audit Work

Day 5-6 Security Awareness Work

Day 7 - Break (You've earned it!)

Day 8 - Revisit completed content and validate knowledge

Day 9-10 Cybersecurity Risk Work

Day 11 - Governance Work (Shorter module)

Day 12-13 Getting a GRC Analyst Job

Day 14 - Revisit completed content and validate knowledge; Course Conclusion

### **Final Note**

Make a schedule and a commitment to yourself on completing this course. Best wishes!
