

Demo: DX Connections

Steven Moran

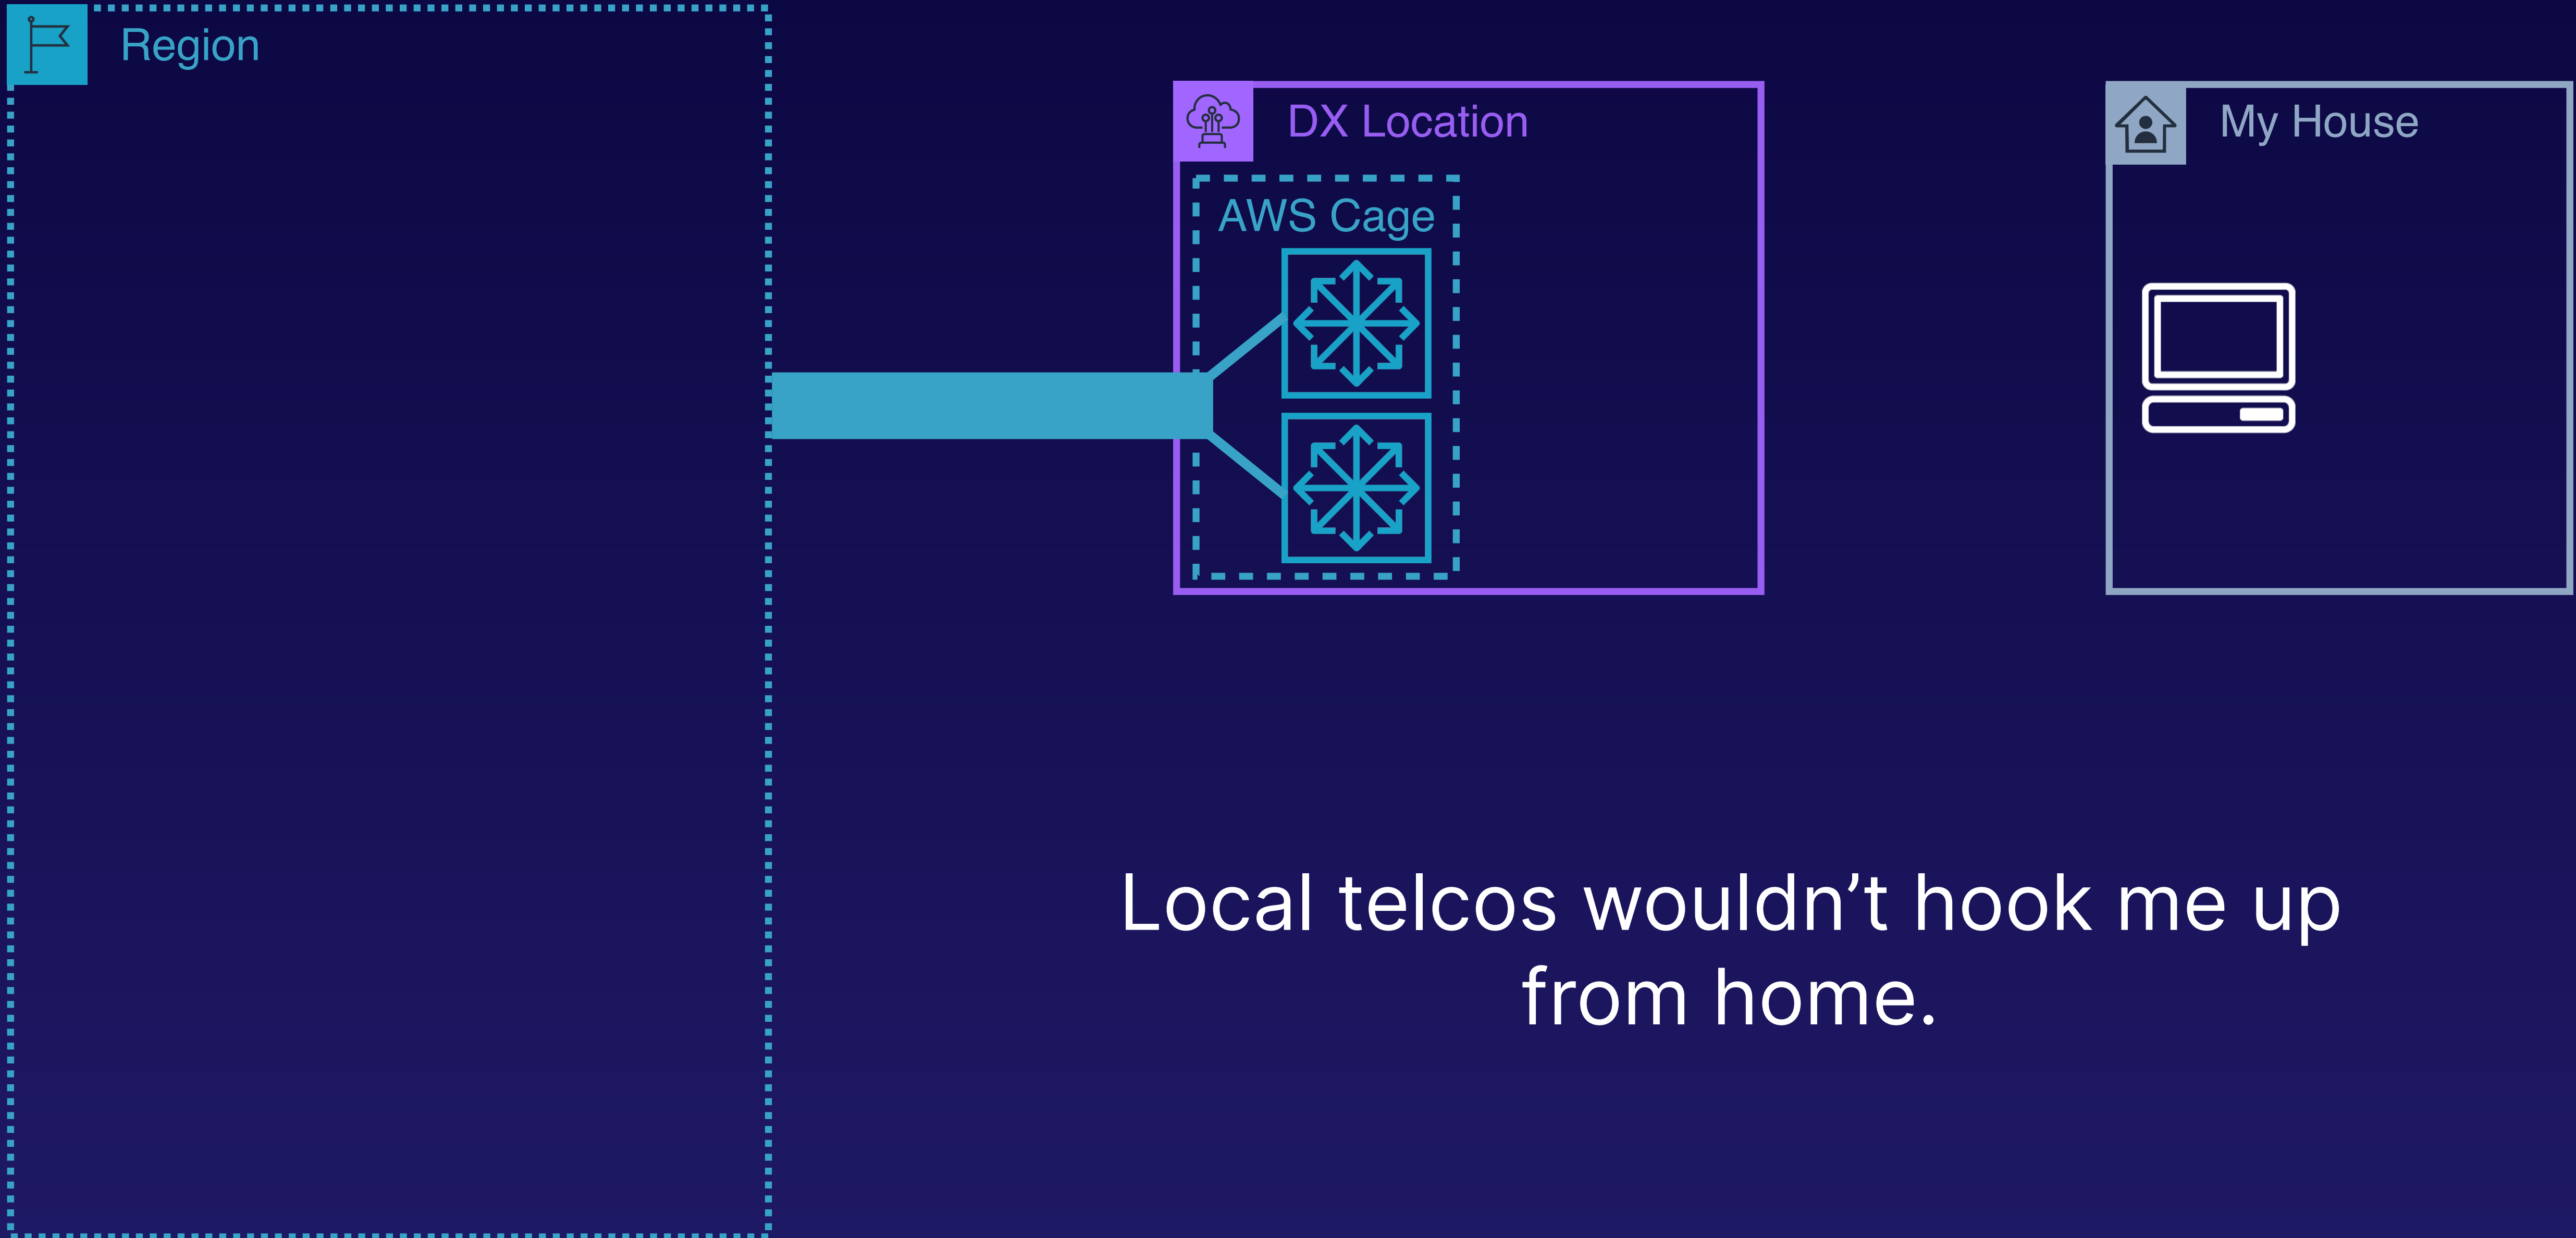

TECHNICAL INSTRUCTOR

Did He Really Make a DX Connection?

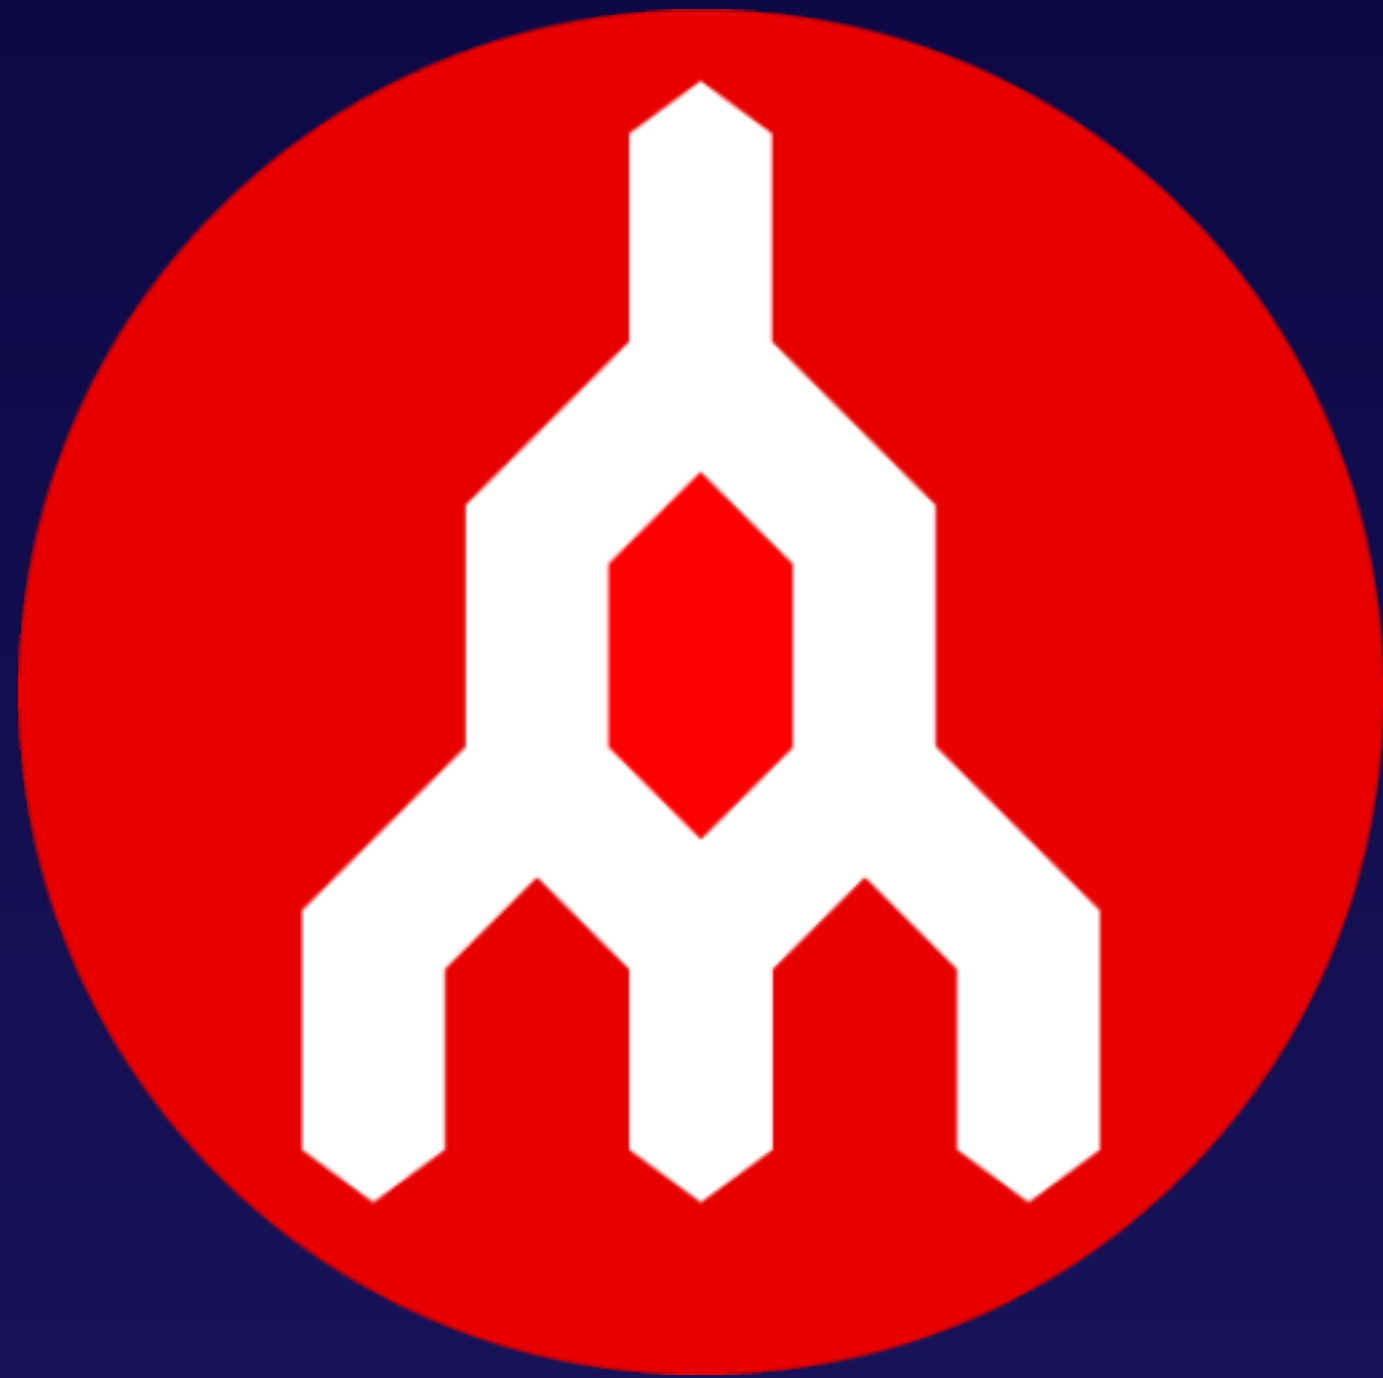

Customer must establish connection with DX Location using local telco carrier.

Did He Really Make a DX Connection?

Local telcos wouldn't hook me up from home.

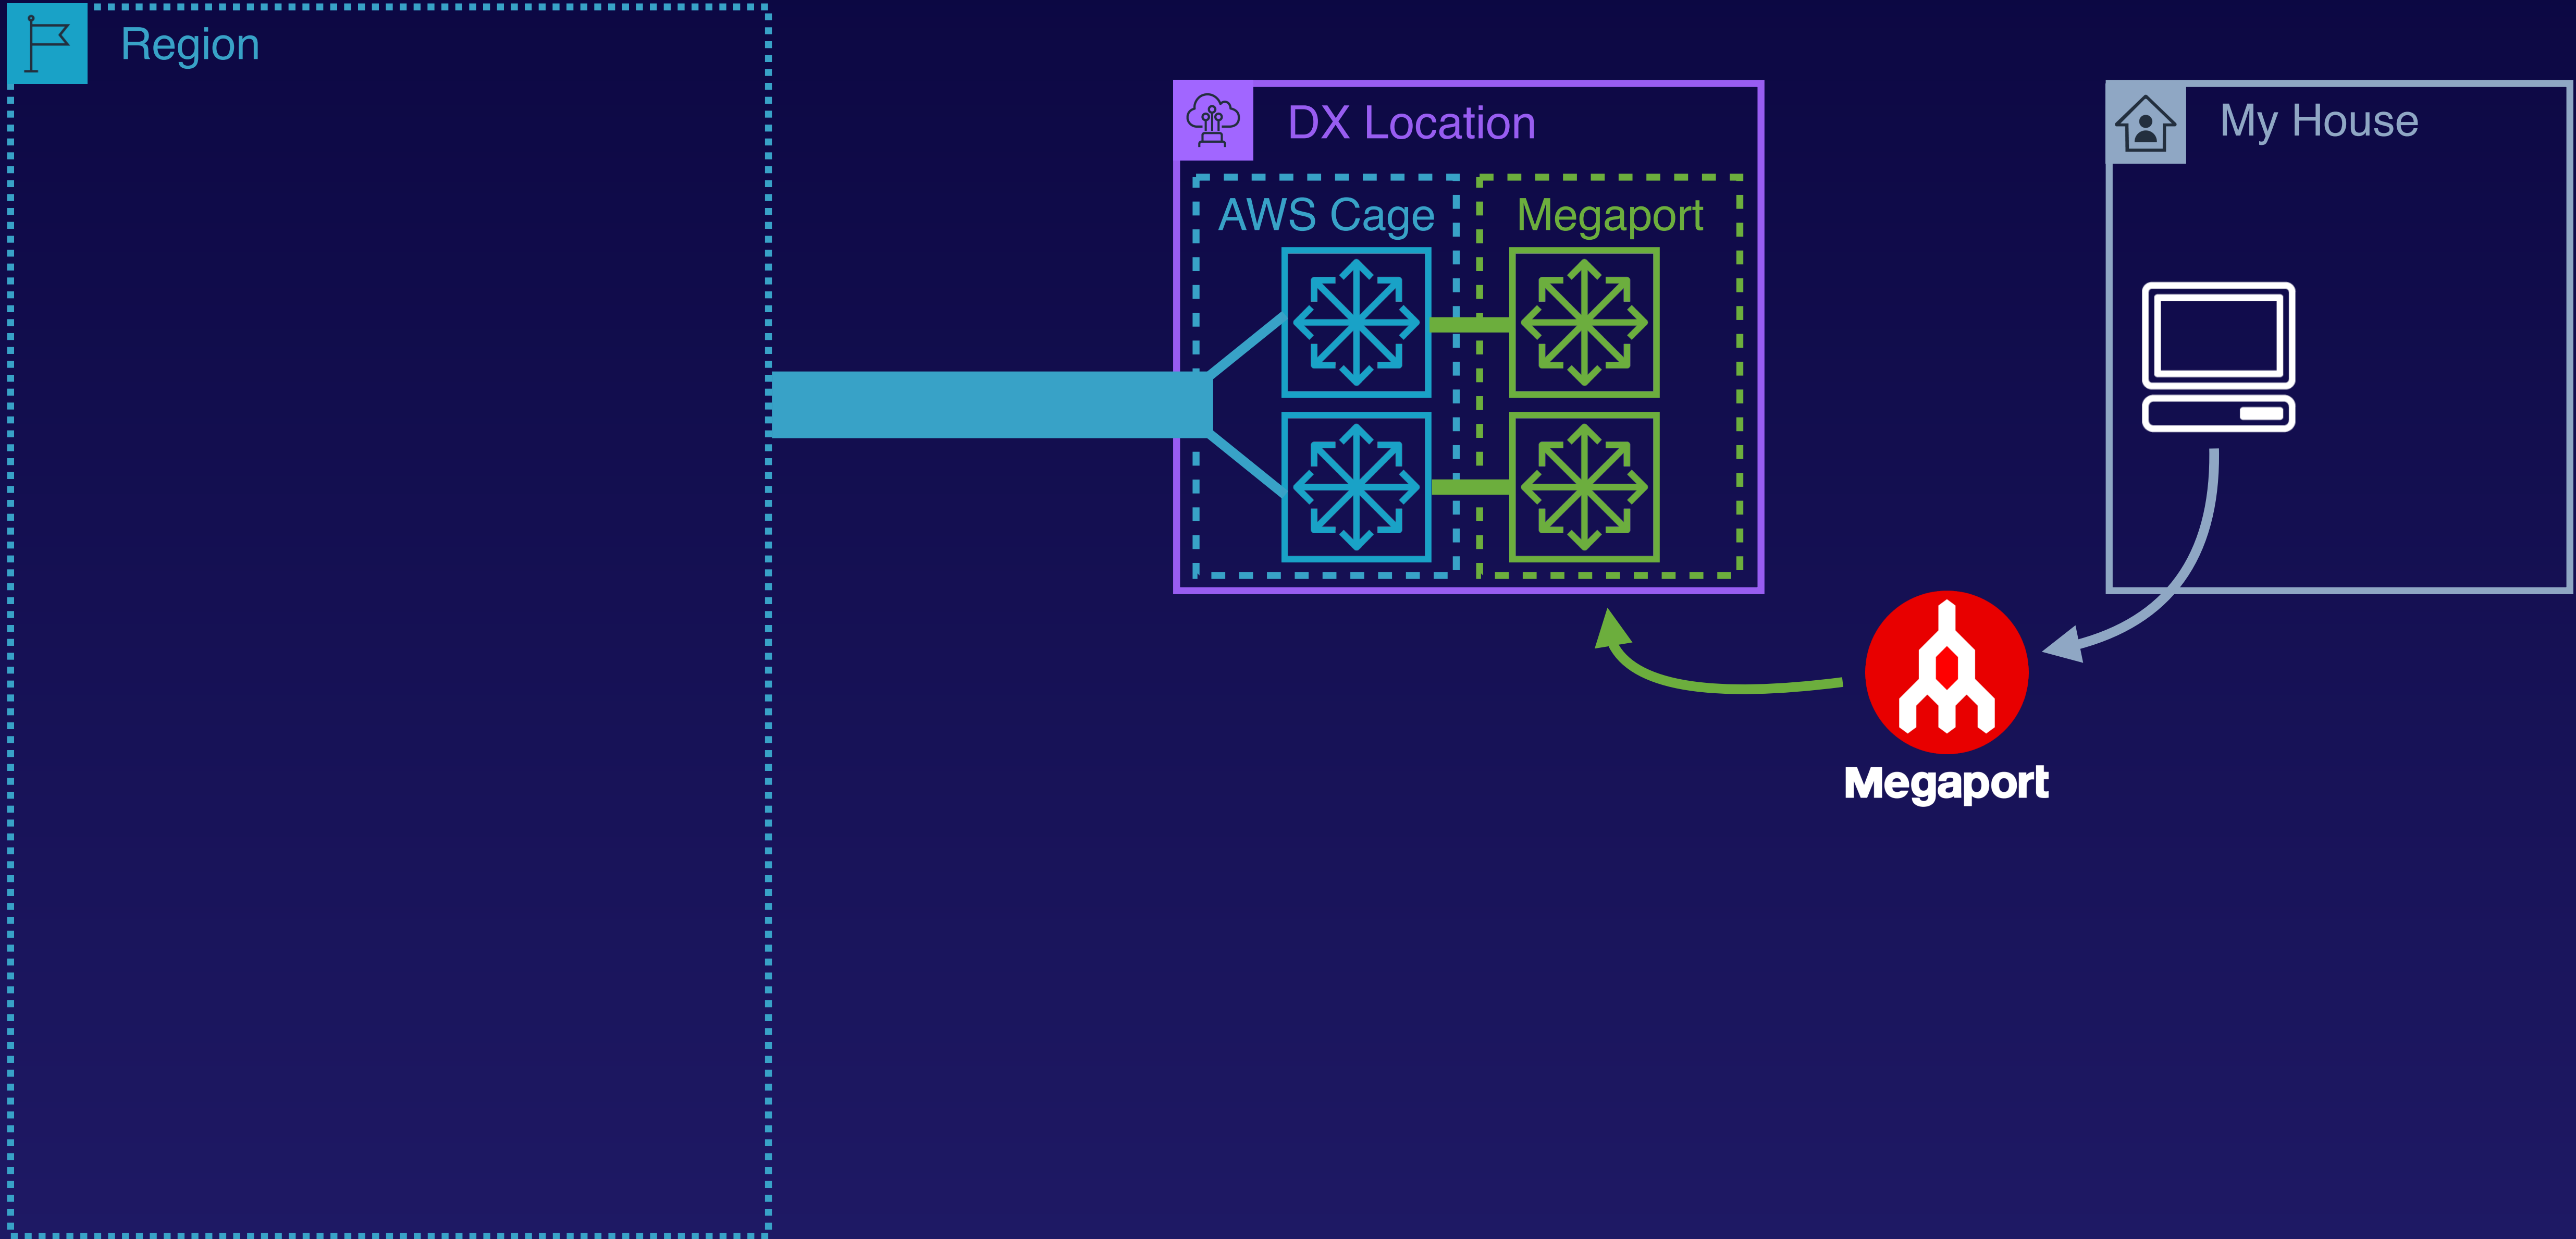

This Chapter's DX Demonstrations Are Brought to You By...

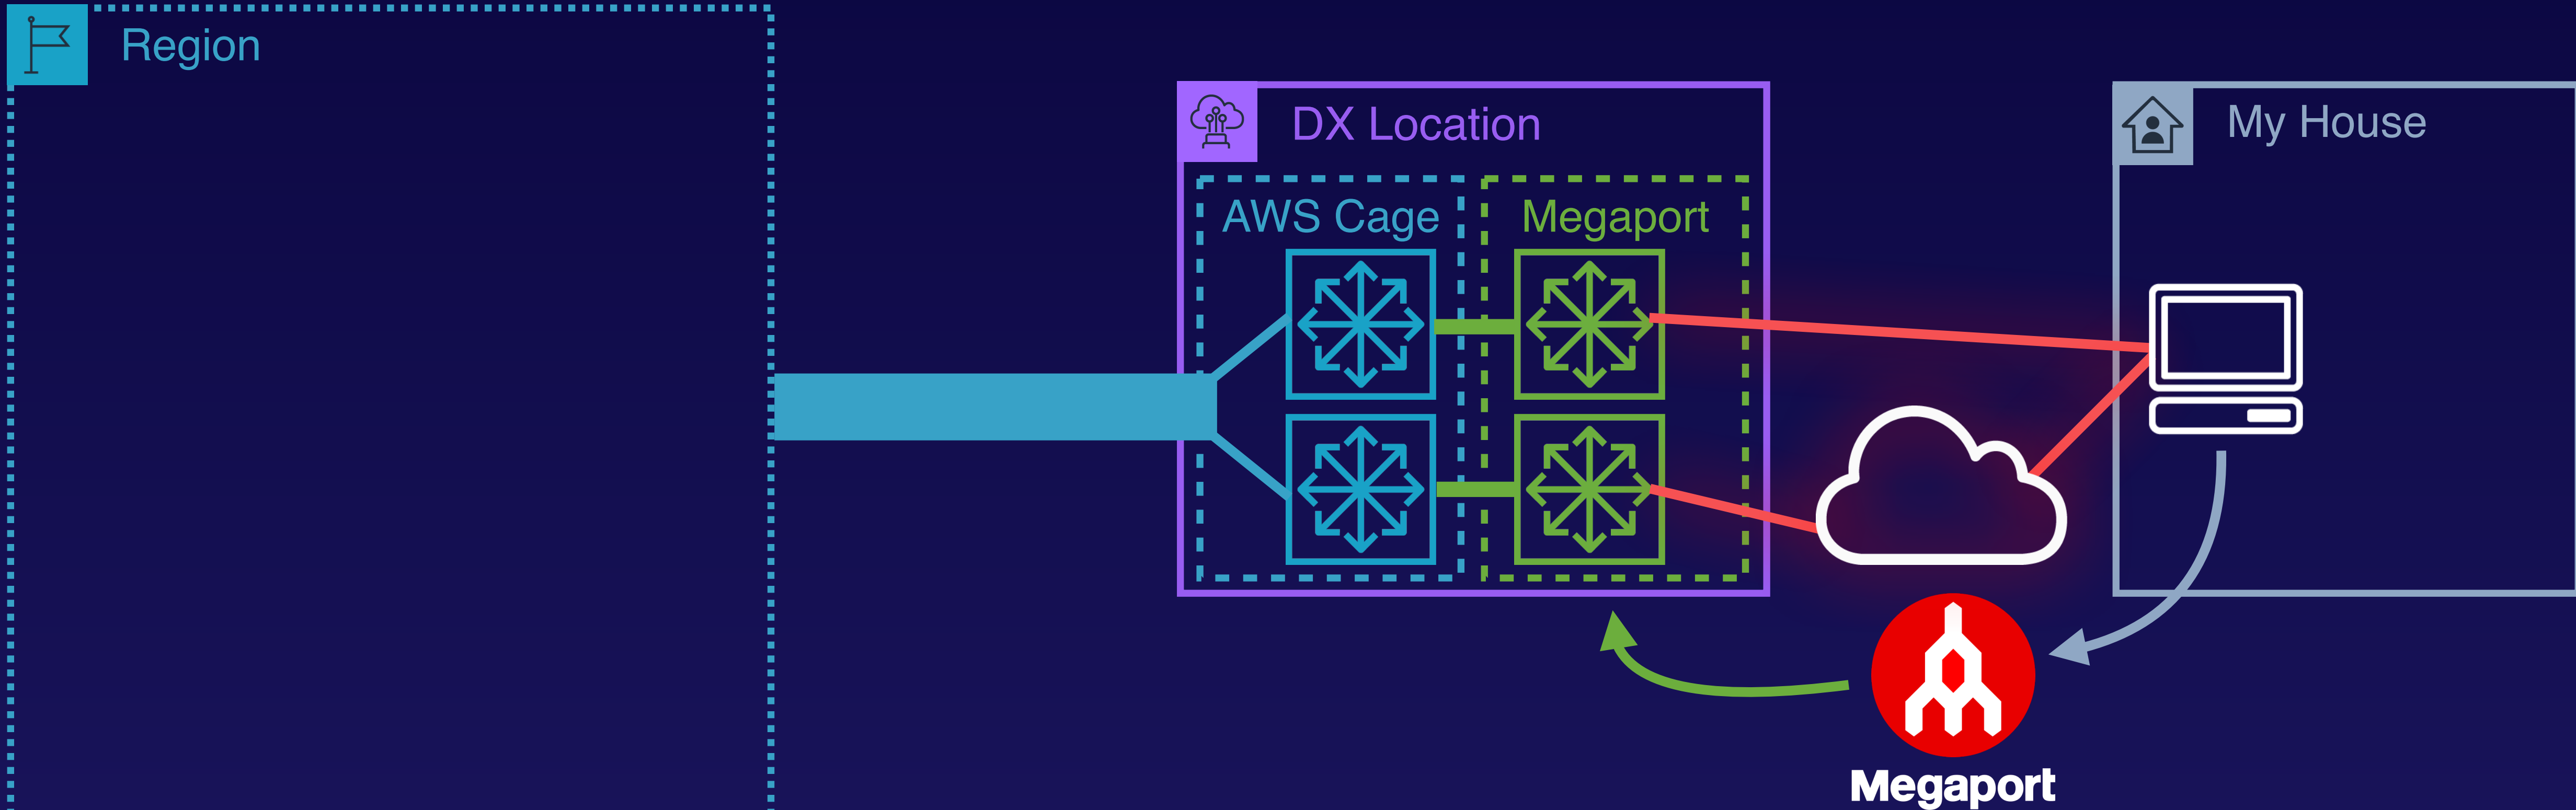

Megaport

- 3,000+ connections to AWS.
- Private Layer 2 and Layer 3 connectivity.
- Deliver Hosted VIF (1Mb - 5G) & Hosted Connections (50Mb - 10G).
- Software Defined Network Portal & API.
- Elastic - Dynamically allocate bandwidth.

Did He Really Make a DX Connection?

Did He Really Make a DX Connection?

Full end-to-end demonstrations not possible without physical connection to DX Location.
