

Below are cmdlets and parameters associated with the settings shown in the video. Remember, you can find more information about these commands on Microsoft's website:

<https://learn.microsoft.com/en-us/powershell/module/teams/?view=teams-ps>

These options are in the *Microsoft Teams Admin Center > Meetings > Meeting Policies > Recording and Transcription* section.

Note: When using \$true or \$false in PowerShell, you can think of \$true as meaning "on" and \$false as meaning "off".

Meeting recording

```
Set-CsTeamsMeetingPolicy -Identity "MyCustomPolicy" -AllowCloudRecording $true
```

Require participant agreement for recording and transcription

```
Set-CsTeamsMeetingPolicy -Identity "MyCustomPolicy" -ExplicitRecordingConsent $Enabled
```

Microsoft Team Admin Center option	PowerShell
Off	Disabled
On	Enabled

Recordings automatically expire

```
Set-CsTeamsMeetingPolicy -Identity "MyCustomPolicy" -NewMeetingRecordingExpirationDays 99
```

Default expiration time

```
Set-CsTeamsMeetingPolicy -Identity "MyCustomPolicy" -NewMeetingRecordingExpirationDays 99
```

Setting the number of days will enable this feature.

Store recordings outside of your country or region

```
Set-CsTeamsMeetingPolicy -Identity "MyCustomPolicy" -AllowRecordingStorageOutsideRegion $false
```

Transcription

```
Set-CsTeamsMeetingPolicy -Identity "MyCustomPolicy" -AllowTranscription
>false
```

Live captions

```
Set-CsTeamsMeetingPolicy -Identity "MyCustomPolicy"
-LiveCaptionsEnabledType Disabled
```

Microsoft Team Admin Center option	PowerShell
