

Site C CME Features - Call Park/Hunting

« Site C CUCME Features - Single Number Reach for SCCP Phone (</workbook/view/ccie-collaboration/task/site-c-cucme-features-single-number-reach-for-sccp-phone-MzA2Nw%3D%3D>) | Video Conferencing (</workbook/view/ccie-collaboration/task/video-conferencing-MzA2OQ%3D%3D>) »

Last updated: November 10, 2017

Tasks

- Configure Call Park Feature for Site C Phones. The call park number to be used is 4444
- Configure both Site C Phones to ring simultaneously when call arrives on number 4100

Configuration: [Click to collapse](#)

Site C - R3

```
ephone-dn 18
  number 4444
  park-slot
!
voice hunt-group 1 parallel
  list 4001,4002
  pilot 4100
```

Verification

For hunting make a call from PSTN Phone to number 70044100. Both lines 4001 and 4002 should ring.

For call park, make a call from PSTN Phone to Site C Phone 1. Park the call and retrieve the call.
