

Installing Munkitools on Clients

Scripts

Install Munki

```
# Download Pkg
curl http://installs/installs/munkitools-3.6.2.3776.pkg -o "/tmp/
munkitools-3.6.2.3776.pkg"
```

```
# Install Pkg
installer -pkg "/tmp/munkitools-3.6.2.3776.pkg" -target /
```

```
# Delete Pkg
rm -rf "/tmp/munkitools-3.6.2.3776.pkg"
```

Configure Munki

```
#!/bin/sh
```

```
defaults write /Library/Preferences/ManagedInstalls SoftwareRepoURL "http://munki/
munki_repo"
```

```
defaults write /Library/Preferences/ManagedInstalls ClientIdentifier "site_default"
```

```
defaults write /Library/Preferences/ManagedInstalls SuppressUserNotification -bool
true
```
