Choosing the Right External USB Wifi Card

- The Chipset and Drivers written for a card are what makes a external USB WiFi card good for pen testing and compatible with Kali.

Supported Chipsets:

- Atheros AR9271: (Alfa AWUS036NHA and TP-Link TL-WN722N)
- Realtek RTL8812AU
- Realtek 8187L (Wireless G adapters)
- Ralink RT3572
- Ralink RT3070
