# Pre-Capture Settings
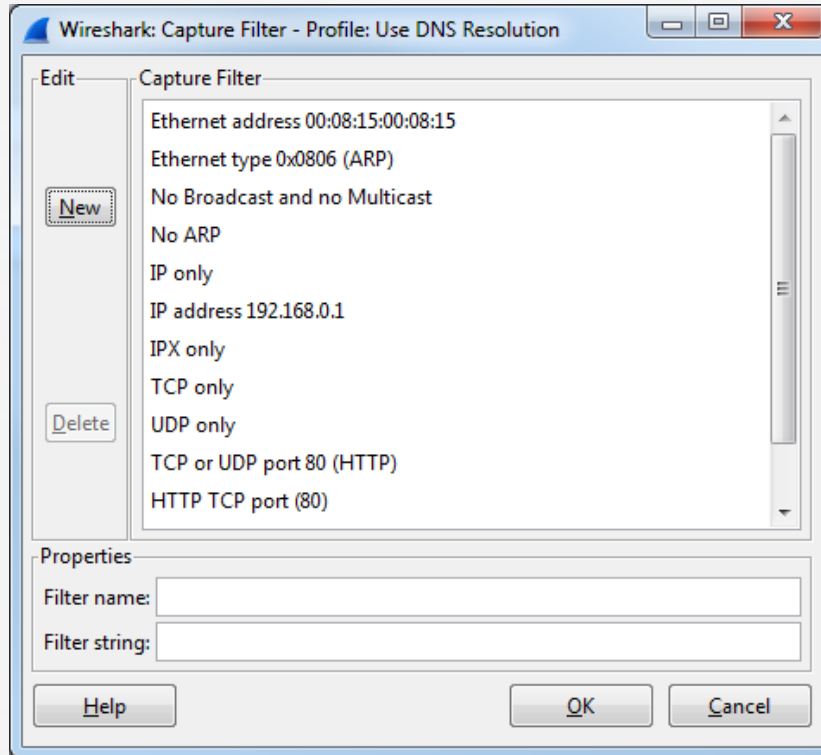

# Wireshark Pre-Capture Settings

» Why use pre-capture settings?

» Configuring Wireshark to capture filtered data

- Set up filters

- Limit file size

- Increased security

# Wireshark Pre-Capture Settings

# Wireshark Pre-Capture Settings

» **Differences between capture and display filters**

- A capture filter captures data only; no other data will be shown

- A display filter refines what has been captured to show what you need
