1. Secure OPORD is an optional phase in the REDTEAMOPSEC Methodology. Its primary focus is to ensure the RoE is comprehensive and complete.

Secure OPORD is one of the most crucial stages in the REDTEAMOPSEC process. Its primary focus is Execution, SITREP, and Mission Standing. It is where the goals of the mission are executed.

2. The SITREP is the only point in time where red team operators need to communicate with the red team leader.

The SITREP stage is definitely a pivotal step in the process concerning inter-team communication, but it's merely one in several opportunities where red team operators will need to communicate with the red team leader.

3. There are several potential mission standing outcomes and they include, but are not limited to: Success, Resume OPORD, Concede and Abort.
