

DLL hijacking

How a dll is loaded in program

abc.dll

Program.exe

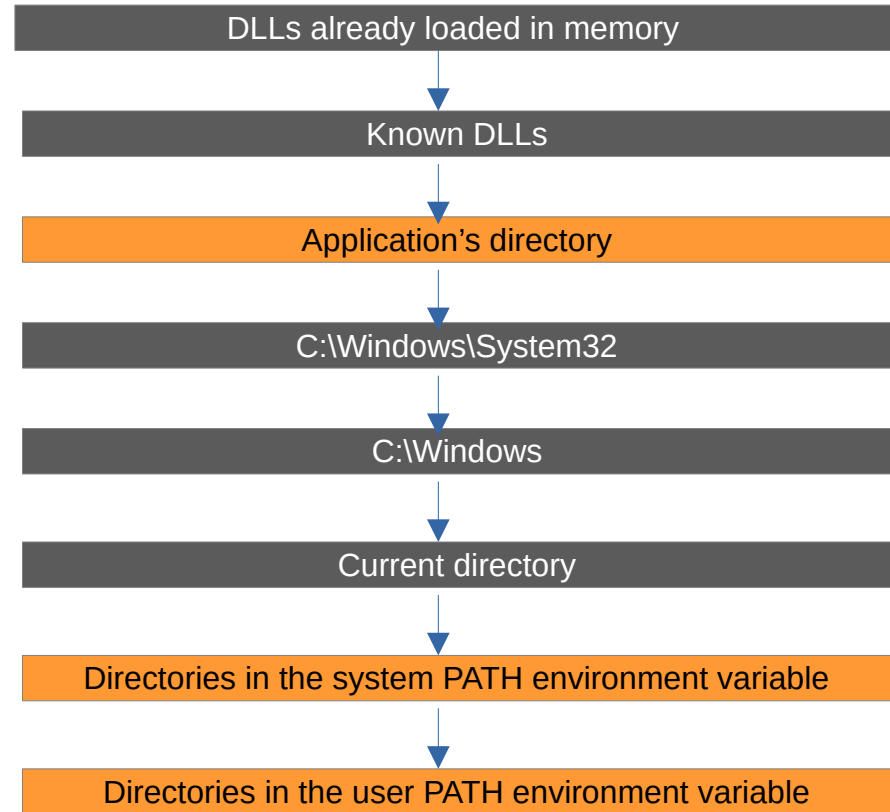

```
graph BT; PE[Program.exe] --- DLL[abc.dll]
```

The diagram illustrates the loading of a dynamic-link library (DLL) by an executable program. A blue rectangular box at the bottom is labeled 'Program.exe'. A vertical line extends upwards from the top center of this box to the text 'abc.dll', which is positioned above the line.
